With compliments of Florence Convention Bureau

[Register and download here your personal Congress Card!](#)

YOUR PRESENTATION AT WWW2015

- Computer projection will be available in all meeting rooms (except Tutorials and Workshop meeting rooms at the Palazzina Lorenese). A PC (Windows) is available at the lectern to download presentations. Personal laptops can be used in the meeting rooms: MAC users must secure to bring their own adaptor to connect to the videoprojector.
- Workshops & Tutorial speakers: please be informed that you need to bring your own PC to be connected to the videoprojector. MAC users must secure to bring their own adaptor to connect to the videoprojector

Speakers are invited to use either PowerPoint programme for Windows or Macintosh/Apple: for Macintosh/Apple users please note that Keynote program is compatible but personal PCs and adaptors are required, to test well in advance with the available videoprojector inside the meeting room.
