11th EGS Congress

Preliminary Scientific Program

Update February 24, 2014

Saturday, June 7

15.45-17.45

SFG (Société Française du Glaucome) and SFO (Société Française d'Ophtalmologie) Session

18.00

Welcome Reception (Acropolis Congress Centre)

Sunday, June 8

8.30-8.50

Welcome & Opening

8.50-10.15

Main Session 1

Risk factors: evidence and practical use

10.15-10.45

Poster discussion

10:45-12.25

Main Session 2

Biomarkers and clinical markers

12.30- 14:00

Educational Partner Lunchtime Symposium

14.30-15.30

Instructional Courses 1

15.30-16.00

Break

11th EGS Congress
Nice, France
Nice Acropolis Congress Centre
7-11 June 2014
www.eugs.org

11th EGS Congress

16.00-17.00

Instructional Courses 2

17.15-18.15

SIGs – Special Interest Groups Meetings

17.30-18.30

Industry Parallel Symposia

18.15-19.15

ICGS/EGS (International Society of Glaucoma Surgery/ European Glaucoma Society) Session
Pearls in glaucoma surgery

18:15-19.15

EVICR.net (European Vision Institute Clinical Research Network) Special Interest Group Meeting.

Monday, June 9

8.30-10.15

Main Session 3

What matters beyond IOP?

10.15-10.45

Poster discussion

10.45-12.25

Main Session 4

The IOP is low and there is continued worsening: what comes next?

12.30-14.00

Educational Partner Lunchtime Symposium

14.30-15.30

Instructional Courses 3

15.30-16.00

Break

16.00-17.00

Instructional Courses 4

11th EGS Congress
Nice, France
Nice Acropolis Congress Centre
7-11 June 2014
www.eugs.org

11th EGS Congress

17.05-17.30
Keynote Lecture

17:30-19.15
Main Session 5
Evolving glaucoma surgery (Organized by the French Glaucoma Society)

Tuesday, June 10

8.00-8.30
EGS General Assembly

8.30-10.15
Main Session 6
Is less more? Can we be more efficient using high tech?

10.15-10.45
Poster discussion

10.45-12.25
Main Session 7
Controversies in angle closure glaucoma

12.30-14.00
Educational Partner Lunchtime Symposium

14.30-15.30
Instructional Courses 5

15.30-16.00
Break

16.00-17.00
Instructional Courses 6

17.15-18.45
Poster Session

17.15-18.45
National Glaucoma Societies Symposia

20.00
Social Dinner

11th EGS Congress
Nice, France
Nice Acropolis Congress Centre
7-11 June 2014
www.eugs.org

11th EGS Congress

Wednesday, June 11

8.30-10.15

Main Session 8

Structure and function for diagnosis and follow-up

10.15-10.45

Poster Discussion

10.45-12.25

Main Session 9

Special surgery for special patients

12.30- 13.30

Keynote Lectures

14.00 -15.00

Instructional Courses 7

15.00 -15.15

Break

15.15-16.15

Instructional Courses 8

16.30-18.15

Main Session 10

Let's challenge the IOP concepts

18.15-18.45

Farewell Cocktail

(Acropolis Congress Centre)

19.00-20.00

Industry Symposium

11th EGS Congress
Nice, France
Nice Acropolis Congress Centre
7-11 June 2014

11th EGS Congress

EGS 2014 INSTRUCTIONAL COURSES (preliminary list)

Angle Closure

Angle closure (basic)

Angle Closure (advanced)

Epidemiology/Genetics/Pathogenesis

Intra-ocular pressure:fluctuations and its role in disease progression

IOP variability as risk factor for progression

Nutrition, environment and glaucoma

The Burden of Glaucoma Worldwide

Glaucoma and the Vitreous

What's new in Genetics

What's new in ocular blood flow

"Uveolymphatic", uveoscleral and conventional outflow

Examination

Gonioscopy Course

Modern developments in tonometry

Tips and trick for Slit-lamp in glaucoma:case-discussion and workshop

Tips and tricks for Slit-lamp in glaucoma: course

Health economics

Generics and glaucoma

Generics: Friend or Foe

Management

Beyond IOP

EGS Guidelines

How to improve compliance

Ocular surface and preservative-free medications

Target IOP in long term glaucoma management

How to understand and interpret clinical trials

Open Angle Glaucoma

RGC degeneration

Recent advances in normal tension glaucoma R1

Recent advances in normal tension glaucoma R2

Secondary Glaucomas

Glaucoma in cornea transplant

Managing pigmentary dispersion glaucoma R1

Managing pigmentary dispersion glaucoma R2

New insights on Exfoliation

Secondary glaucomas

Uveitic glaucoma

When Retina Success causes Glaucoma Stress

Structure

Anterior Segment Imaging

Glaucoma imaging in myopic eyes R1

Glaucoma imaging in myopic eyes R2

11th EGS Congress

11th EGS Congress

New developments in OCT
Posterior segment imaging: OCT
Posterior segment imaging: practical clinical use

Surgery

Approach to angle closure glaucoma
Aqueous tube devices R1
Aqueous tube devices R2
Blebless surgeries R2
Glaucoma surgeries: an overview
Improving success of trabeculectomy: anti-fibrotic strategies
Laser procedures in glaucoma R1
Laser procedures in glaucoma R2
New surgical techniques in glaucoma
Non-penetrating glaucoma surgery: deep sclerectomy
Optimizing trabeculectomy: Tips and Tricks
Paediatric glaucoma surgery
Refractive surgery in glaucoma
Surgical management of congenital glaucoma
Rescue Operations for filtering blebs

Visual Field

Determining the rate of progression in glaucoma
Neuro-ophthalmology differential diagnosis
Visual Field devices and printouts
Visual field in glaucoma: single test interpretation and follow-up analysis
Workshop on glaucoma progression, case discussions
